Dear Mr. Hai Trung Le,

On behalf of the Operating and the Program Committees, it gives me great pleasure to invite you to participate in the 19th International Conference on Control, Automation, Robotics and Vision, which will be held at the VinPearl Resort, November 14 through 17, 2026.

The conference is co-organized by Nanyang Technological University, Singapore, Society of Control, Automation, Robotics and Vision, Singapore, VinUniversity, Vietnam, and technically co-sponsored by IEEE Control Systems Society. ICARCV has a history of more than 35 years. It focuses on both theory and applications mainly covering the topics of control, automation, robotics and computer vision. In addition to the technical sessions, there will be invited sessions, plenary speeches, keynote speeches, and plenary panel sessions.

Your paper submitted to ICARCV 2026 has been accepted for presentation by the conference. As indicated in the notification letter sent to you about your paper's acceptance, at least one author of your paper must attend the conference to present your paper. We hope that you will participate in this scientific meeting and help to make it a memorable event.

Acceptance of your paper for presentation does not, in any way, financially oblige ICARCV 2026 for the expenses incurred by you to travel and attend the conference. If you have any questions, please contact us.

Thank you in advance for your participation. We look forward to seeing you in Halong Bay.

Sincerely,

Guoqiang Hu Rong Su
General Co-Chairs, ICARCV 2026

Accepted Paper details:

Hai Trung Le, Trong-Pham Nguyen-Huu, Mai Thanh Thai, "Double-Attack Thrombectomy: A Soft-Robotic Milli-Spinner Catheter Concept for Suction-Assisted Clot-Debris Capture."
